Do's and Dont's

01:22

Group session is a child centered strategy, in which students are divided into groups and they are encouraged to discuss on the subject matter given. Group session is dominated by the teacher. Classroom climate is autocratic and most of the time, teacher is active and student accept his ideas and views. After giving lectures teachers encourages the student to participate in group-session. Teacher supervises them and provide guidance to make the session fruitful.

This teaching strategy is focused to achieve higher order of cognitive objectives and affecting objectives. The strategy is based on the following principles. Group session is a child centered strategy, in which students are divided into groups and they are encouraged to discuss on the subject matter given. Group session is dominated by the teacher. Classroom climate is autocratic and most of the time, teacher is active and student accept his ideas and views.
