## Notes

Below is an explanation of some of the definitions used to grant a licence in respect of a part 3 house.

### 1. Part 3 house.

A *part 3 house* is a *house* to which part 3 of the Housing Act 2004 applies (selective licensing of other residential accommodation). *House* means a building or part of a building consisting of one or more dwellings and references to house include (where the context permits) any yard, garden, outhouses and appurtenances belonging to, or usually enjoyed with it, (or any part of it).

### 2. The end of the consultation period

The end of the consultation period for the purposes of this notice is 21 days after the date of issue which appears on the front of this notice.

### 3. The most appropriate person.

The most appropriate person is normally the owner if s/he is receiving all rents directly. If however, a managing agent has financial control of the *house* they may be the more appropriate person to hold the licence.

Protected tenants or leaseholders with an un-expired rental period of less than three (3) years may wish to make comments about whether the licence should be issued to the applicant and/or about conditions being placed on the licence.

### 4. Fit and proper persons

The proposed licence holder and any proposed manager of the property must be "fit and proper" persons. The Council will consider any evidence of offences committed/malpractice in deciding whether the proposed licence holder and/or manager are "fit and proper". Offences to be considered include:

- ▷ Offences involving fraud/dishonesty/violence/drugs or certain sexual offences.
- ▷ Unlawful discrimination on the grounds of sex/colour/race/ethnic or national origins/disability, in, or in connection with, the carrying out of any business.
- ▷ Contravention of any Housing/Landlord and Tenant/Planning legislation.

### 5. Management Arrangements

The Council will ensure that management arrangements are satisfactory, and in deciding this, the Council must consider the following:

- ▷ Anyone involved in the management of the property must have a sufficient level of competence and be a fit and proper person.
- ▷ Management structures and funding arrangements must be suitable.

Conditions on the licence may be applied to ensure management arrangements are satisfactory.

### 6. Penalties

A person having control or managing a house which is required to be licensed under part 3 of the Housing Act 2004 which is not so licensed commits an offence and is liable on summary conviction to an unlimited fine (section 95) or may be subject to a penalty notice of up to £30,000.

A licence holder or a person on whom restrictions or obligations under a licence are imposed in accordance with section 90(6) of the Housing Act 2004 fails to comply with any conditions of the licence commits an offence and is liable on summary conviction to a fine (section 95) or may be subject to a penalty notice of up to £30,000.

### 7. Advice

If you do not understand this licence or wish to know more about it, you can contact the Council. If you want independent advice about your rights and obligations, you should go to a Citizens Advice Bureau, Housing Aid Centre, Law Centre or a solicitor.

The licence holder (or someone acting on the licence holder's behalf) must ensure all smoke and carbon monoxide alarms are repaired or replaced once informed and found that they are faulty, and provide a declaration as to their position and condition to the Council on demand. The reference requests and any information received must be made available to the Council on request. If consent is required for the disclosure of any information to the Council, the licence holder must take all reasonable steps to obtain such consent and must keep a record of the steps taken to be disclosed to the Council on request.

Failure to comply with any licence condition may result in proceedings including a fine and loss of the licence or may be subject to a penalty notice of up to £30,000.

The property licence and conditions do not imply or grant by inference or otherwise any approval or permission for any other purposes including those for Building Control, Development Control and under The Regulatory Reform (Fire Safety) Order 2005. Conversely compliance with any of those requirements does not confer or imply compliance with the requirements of the Housing Act 2004 including property licensing.

Any requirements relating to the licence and conditions are without prejudice to assessments and appropriate actions including enforcement actions under the Housing Act 2004. This includes actions to deal with category 1 and category 2 hazards as may be identified under Housing Health and Safety Rating System (HHSRS) and does not preclude such action.
